

This a semibreve, it is worth 4 beats.

5 This is a minim, it's worth 2 beats.

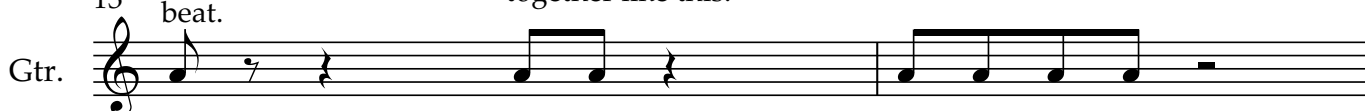

9 This is a crotchet, it is worth 1 beat.

13 This is a quaver, it's worth half a beat.

When there are two, we beam them together like this.

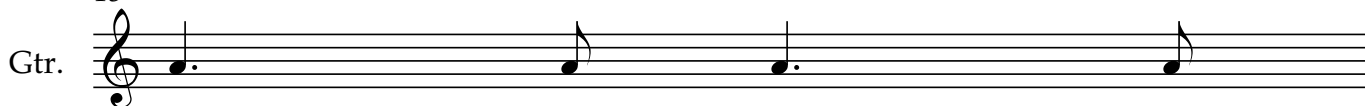

Even when there are 4 in a row.

This is a dotted crotchet. A dot adds half of the value of the original note.

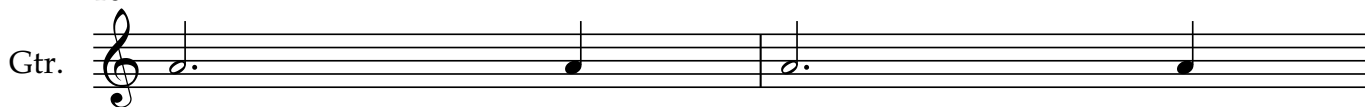

A crotchet is worth 1 beat so a dotted crotchet is worth 1 and a half beats.

15

This is a dotted minim, it is worth 3 beats.

16

This is a crotchet rest, it
is worth the same as a
crotchet - 1 beat.
Don't play or clap on a
rest!

This is a minim rest, it is
worth the same as a minim
- 2 beats.
